

AWARD

Indian Society for Wind Engineering (I SWE) gives the award for best M.Tech Thesis in the field of Wind Engineering (or related field of work as covered by the I SWE constitution) every year.

Name of winner's of 2008-09 and 2007-08 are displayed here.

Rank	Thesis Topic	Supervisor(s)
(2008-2009)		
I	Design of Gable Roof Building for Wind- Identification of Sensitive Parameters. Student: Mr. Nikhil Agrawal	Prof. V. K. Gupta-(Deptt. of Civil Engineering, IIT Roorkee) Dr. A. K. Mittal-(Scientist, CBRI Roorkee)
I	Flutter Analysis of a Typical Space Vehicle. Student: Mr. G. Vinayagamurthy	Dr. K. M. Parammasivam-(Deptt. of Aerospace Engineering- MIT Campus, Anna University, Chennai) Mr. S. Balakrishnan-(Scientist, Vikram Sarabhai Space Centre, ISRO)
(2007-2008)		
I	Effect of Corner Radius on Aero-Elastic Instabilities of Square Section Cylinders. Student: Mr. Sabareesh G. R	Dr. R. Ajith Kumar-(Deptt. of Mechanical Engineering- Amrita School of Engineering, Coimbatore) Mr. B. Santosh-(Deptt. of Mechanical Engineering- Amrita School of Engineering, Coimbatore)
II	Dynamic Along-Wind Response of Elongated Tall Rectangular Building: A Deeper Insight Student: Ms. Monika Shrishrimal	Dr. Abhay Gupta -(Deptt. of Civil and Applied Mechanics, S.G.S.I.T.S, Indore) Dr. Rakesh K. Khare-(Deptt. of Civil and Applied Mechanics, S.G.S.I.T.S, Indore)
II	Analysis of Tall Structures for Dynamic Wind Loading. Student: Mr. Hemchandra S. Bramhe	Dr. O. R. Jaiswal-(Deptt. of Applied Mechanics, VNIT, Nagpur)

This award consists of cash prize 5000/- and certificate to the student and the supervisor(s) of the thesis. Commendation certificate may also be awarded to the other students and their supervisor(s).
